Forecast for Sunday 06 Jun 2021

Weather: Generally cloudy with outbreaks of largely light rain and drizzle during the early hours. Rain easing for a time around dawn before showery outbursts of rain possible from mid-morning. Remaining cloudy, with a few sunny/brighter spells into the afternoon, further showers possible but generally becoming few and far between during the evening.

Chance of cloud free mountain/hill tops above 600m: 60% during the morning reducing to 70% during the afternoon.

Visibility: Generally moderate, however areas of cloud with bases from 800m and occasionally dropping to 500-600m, visibilities on some summits may be limited at times. During the afternoon cloud bases lifting however from mid-morning sudden deteriorations are possible as heavy showers start to move north across the area.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

An overcast day with outbreaks of rain, potentially heavy and showery from mid-morning, as a result conditions on the mountains are likely to be poor and wet weather gear is strong recommended.

Recent rainfall: measured at Neuadd: altitude 353m
